Welcome to DeAngelis Iron Work, Inc.

DeAngelis Iron Work, Inc. has been fabricating quality, custom metal work for over 50 years. We have developed a reputation as a truly service-oriented business, specializing in the fabrication and restoration of ornamental iron work. We are available as consultants during the planning and contract preparation process, or as a full service facility for the design, fabrication and installation of all types of metal work.

Featured Works

Strong design and specification capabilities, coupled with modern fabricating equipment, enable DeAngelis Iron Work, Inc. to maintain the highest standards of fabrication. From a simple handrail to the historic restoration of an ornamental gate, each project is characterized by top quality service and workmanship unsurpassed in the ornamental metals industry.
